Partnership with Mosaic Life Care

Mosaic Life Care in St. Joseph, Missouri, has a skilled legal team dedicated to protecting the organization's interests and ensuring high-quality patient care.

They work closely with healthcare professionals on complex legal matters, compliance, risk management, contracts, and litigation.

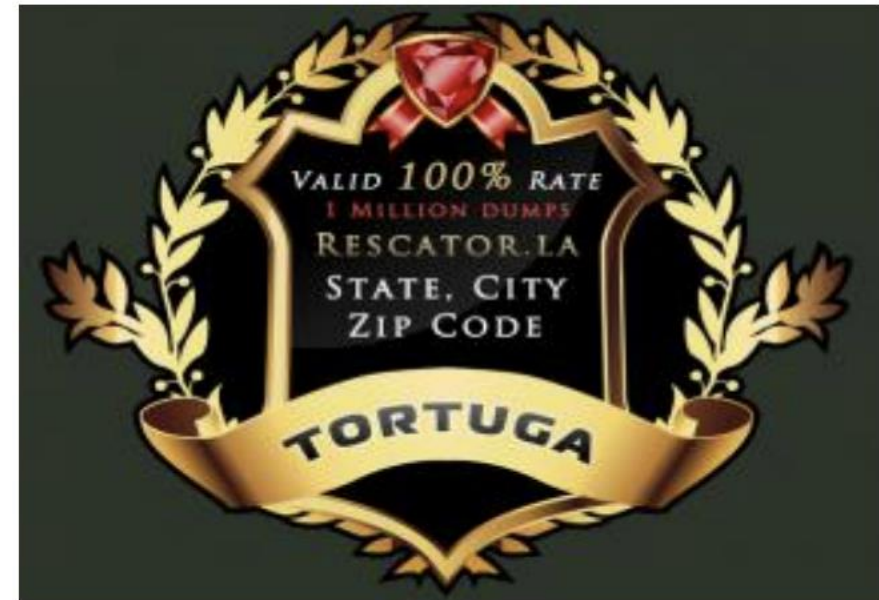

Their expertise in healthcare law enables them to provide guidance and support to minimize risk and ensure legal compliance, upholding the organization's values for patient and community outcomes.

5 Pillars to Master Risk Management

1. Understand Your Risk
2. Develop a Plan
3. Promote Accountability
4. Prioritize Testing
5. Optimize for Transparency

- November and December 2013 attackers gained access to personal information 110 million Target customers and transferred to Eastern Europe
- 40M credit and debit cards numbers
